THE STAR RELIEF PROGRAM

According to an online article, *New York Property Taxes*, the author, Tanya Moreno, CPA wrote, "Residents of New York pay some of the highest taxes in the nation..." You may be one that agrees wholeheartedly with this statement. However, she goes on to say, "The state does offer exemptions for people who use their homes as their primary residence as well as exemptions for senior citizens, veterans, and people with disabilities." <https://www.thebalance.com/new-york-property-taxes-3193285>

One form of tax relief is the Star Relief Program. As taxpayers, many are already familiar with and utilize this tax relief. You should be familiar, also, with the changes that have taken place regarding this program.

WHAT'S NEW

The STAR Program continues to provide the needed property tax relief to NYS homeowners. Nevertheless, you may or may not have noticed a change in how certain homeowners will apply for STAR, and in how the STAR benefit is received.

- 1) You will register with New York State instead of applying with your assessor.
- 2) If you qualify for star you will receive a STAR credit in the form of a check, rather than receiving a property tax exemption, with the dollar value of the credit equating to the property tax exemption.

Do you need to register again if you are already receiving the STAR exemption? If you are receiving a STAR exemption and purchased your current home prior to May 1, 2014, you do not need to register and will continue to receive the STAR exemption. If you purchased your home between May 1, 2014 and August 1, 2015, you need to register to receive STAR credit IF:

- 1) You purchased your home after the 2015 STAR application deadline, or
- 2) You did not apply for the Star exemption for your home by the 2015 application deadline.

Otherwise, no action is necessary and you will continue to receive the STAR exemption. If you purchased your home after August 1, 2015, you will need to register for the STAR exemption.

If you are already registered to receive the Enhanced benefit, you do not need to register to receive the Basic benefit and when you register for the STAR credit, the Tax Department will automatically review your application to determine whether you are eligible for the Basic or Enhanced STAR benefit amount.

This is just a highlight to what has changed. For a detailed article on changes, requirements and eligibility, see the link to the article *STAR property tax relief*. <https://www.tax.ny.gov/ptt/property/star/>
